THE TIMES-GAZETTE, REDWOOD CITY, CALIFORNIA, FRIDAY, OCTOBER 4, 1940

ESTABLISHED IN 1859

Shown here is a costume suit of soldier blue boucle material trimmed in red fox fur. The jacket is fully lined. This model is displayed for Lamdan's, 2633 Broadway, Redwood City.

MENLO PARK NEWS NOTES

MENLO PARK—The committee, which had charge of the recent "Old Times in Menlo" was banqueted at Bertram's Wednesday night. It was a joyous occasion. L. L. Johnson, the chairman, was lauded for his splendid work.

Miss Nancy Short, the winsome daughter of Mr. and Mrs. Frank Rice Short, will shortly be united in marriage with J. Moffitt. The honeymoon is to be spent in South America, where Mr. Moffitt and his father own large interests in oil lands. The

young couple will probably live there for some years. The Shorts purchased the old Porter Estate near Ringwood Rd. some years ago. Miss Short is an only child.

The Native Daughters will hold a card party in the Central School Oct. 10. Score cards will be 25 cents. Many valuable prizes, including two large roosters, will be given the winners.

Miss Helen Rugaard of Walnut Grove visited friends here during the weekend. She is a highly-accomplished young lady. Miss

Grocery Firm Occupies New Hangar-Shaped Building Here

The modern new Purity Store at Arguello and Marshall Sts., Redwood City (Photos by Murray Studio)

Rugaard is a recent graduate of the Finch School of New York and has traveled extensively.

A marriage license was applied for in San Jose this week by Robert R. Wood of Redwood City and Miss Elinor Lightbody, Menlo Park. The bride-to-be is a beautiful and popular young lady with a host of friends on the Peninsula. No date has been set for the wedding. Most likely it will take place this month.

A large number of relatives and friends attended the ceremony of Religious Clothing of Miss Lauree Kobida at Corpus Christi Monastery Sunday afternoon. The beautiful 22-year-old girl was vested with the white robes of the order and will become a cloistered nun. She has been at the monastery since last January.

A poll of the voters of Menlo Park was held Monday at the post office. The result was: Willkie, 130; President Roosevelt, 68. This is a good indication of how the vote will be on Nov. 5. Willkie is gaining strength every day.

Frank Gainer, the mosquito exterminator, leaves for Nevada today to hunt larger game—deer. He will not return until next week, when his friends expect to enjoy venison chops and juicy roasts.

Mr. and Mrs. J. W. Osborne of Dinuba spent the weekend with ex-Mayor James E. Cooper and his charming wife. Mr. Osborne is a prominent orchardist and politician.

The card parties given every Friday night in the Hall of the Nativity by the Catholic residents of Runnymede to raise funds for a church building are popular affairs and well attended. The worthy cause and attractive prizes usually cause the house to be filled.

The length of one degree of longitude along the equator is 69.2 miles.

GUY P. SCHULTZ
Manager of New Grocery

JACK DI FRANCO
Has Meat Department

Modern Store Is Opened

Providing a striking example of the evolution of the old-fashioned corner grocery store to the modern food store, scientifically designed to facilitate shopping and to provide the most attractive displays of foodstuffs, the new Purity store at Arguello and Marshall Sts., Redwood City, opened this week, is being proudly exhibited by its staff of employees.

The walls and ceiling of the new building form a single curved unit, resembling the outward shape of an airplane hangar. This new style of architecture has been adopted by Purity Stores to afford the maximum benefits of natural lighting and ventilation. This type of construction also allows use of a single large room without intervening supports.

For the convenience of shoppers, use of every bit of the large store's floor space has been carefully planned. All goods are arranged according to type, and prominently displayed signs

identify each "department," thus, shoppers can easily find what they want, and the sloping shelves are so arranged that everything is in plain view for inspection.

The roomy building contains a complete food department of groceries, meats and fresh fruits and vegetables, with a large staff of employees, under the supervision of Manager Guy P. Schultz, to give shop-

pers quick, courteous service. Strictly fresh fruits and vegetables of large variety are attractively displayed, and shoppers may make their selections from the stands and bins.

MODERN MEAT DEPARTMENT
The modern meat department, carrying top quality meats, embraces the latest improvements in display and refrigeration facilities. The thermostatic control maintains a constant temperature of 32 degrees in the eye-level display cases. The same control regulates the temperature in the adjoining cold storage chamber and keeps the meat in the best condition.

All employees of the new store

are local people. Manager Schultz, a Redwood City resident for the past 15 years and a local property owner, resides with his wife and 14-year-old son at 411 Grand St. He was at the Main St. Purity store for nearly 10 years before taking over management of the new store.

Succeeding Schultz as manager of the Main St. store is Darrell Hull, formerly of Palo Alto.

Old friends and customers of Jacob (Jack) Di Franco will find him behind the counter of the meat department, of which he has charge. Di Franco, a Redwood City resi-

dent for the past 11 years, has been a Purity employee for the past 4½ years. He has been at the Broadway store; he has been in charge of the meat market which has been closed.

For the comfort of shoppers, the store has a circulating oil furnace with thermostatic control and is air-conditioned with numerous ventilators throughout the arched ceiling.

FREE PARKING

At the rear of the store is a large free parking area of 9000 square feet where shoppers may leave their cars. There is also parking space on Arguello and Marshall Sts. around the store.

GAS AND ELECTRIC RATES

go down again

\$5,000,000

YOU

START USING THIS CHEAPER GAS AND ELECTRICITY IN OCTOBER

Once again each of the many services gas and electricity perform for you day and night will be done for you at lower cost.

In October a system-wide reduction in gas and electric rates will effect a saving of \$5,000,000 annually to our customers. Gas customers will save \$3,000,000 a year and electric customers \$2,000,000 a year.

These latest rate cuts make it possible for you to enjoy more liberally the conveniences and comfort of modern gas and electric servants.

Through your increased use of gas and electricity since 1928, you have in a large degree made these reductions possible. Careful management with a continuous application of new economies and efficiencies in the Company's operations have likewise been important in lowering the cost of its service.

P. G. AND E. RATES — BOTH GAS AND ELECTRIC — HAVE LONG BEEN AMONG THE LOWEST IN THE NATION. NOW THEY ARE LOWER THAN EVER BEFORE.

P.G. and E.
PACIFIC GAS AND ELECTRIC COMPANY

12X-940

In a series of rate and cost reductions since 1928.

\$33,510,000

combined yearly savings to gas and electric users compared to rates in effect in February, 1928.

PUBLIC NOTICE

Fabius T. Finch, Atty.
**NOTICE OF SALE OF REAL
PROPERTY AT PRIVATE
SALE**
No. 8526

IN THE SUPERIOR COURT OF
THE STATE OF CALIFORNIA,
IN AND FOR THE COUNTY OF
SAN MATEO.

In the Matter of the Estate of
MICHAEL J. PURCELL, who is
also known as and sometimes called
M. J. PURCELL, Deceased.

NOTICE IS HEREBY GIVEN
that the undersigned Aileen G. Purcell,
Executrix of the Last Will and
Testament of Michael J. Purcell,
who is also known as and sometimes
called M. J. Purcell, deceased, will
sell at private sale, to the highest
bidder, upon the terms and conditions
hereinafter mentioned and
subject to confirmation by said Superior
Court, on or after Monday
the 14th day of October, 1940, all
the right, title and interest and
estate of said Michael J. Purcell, who
is also known as and sometimes
called M. J. Purcell, deceased, at
the time of his death, in and to
the real property hereinafter described,
and all the right, title and
interest that said estate has,
by operation of law or otherwise,
acquired, other than or in addition
to that of said deceased at the time
of his death, of, in and to all, or
any part of that certain lot, piece
or parcel of land situated, lying and
being in the County of San Mateo,
State of California, and described
as follows:

Portion of the Pulgas Rancho
lying in and adjacent to the
Jacob Kreiss 600 acre ranch, according
to the map thereof filed
for record November 23, 1901, in
Book "B" of Maps at page 22,
Records of San Mateo County,
and more particularly described as:

BEGINNING at a point on the
County Bridge (commonly
known as Finkler's Bridge),
across Cordilleras Creek, said
point being marked by an "X"
cut in the westerly concrete rail
of said Bridge 2.3 feet from the
south end thereof, from which
point a nail and shiner set in
the pavement leading from said
Bridge to Whipple Road, bears

North 12° 49' 40" East 178.97
feet and running thence from
said point of beginning, up the
center line of Cordilleras Creek,
North 65° 30' West 354 feet and
North 73° 10' West 163.25 feet;
thence leaving said center line,
South 7° 28' 48" East 494.23 feet
to a stake on the northwesterly
line of the lands of B. Grant
Taylor; thence along last mentioned
line, North 62° 28' East
126.50 feet to a stake; North 80°
58' East 290.46 feet to a stake;
South 24° 32' East 87.00 feet to a
stake; North 66° 58' East 123.33
feet to a point in the center
line of a gulch; thence down the
center of said gulch, North 30°
25' West 27.18 feet; North 21°
35' East 29.70 feet; North 29° 30'
West 162.40 feet and North 7°
40' East 90.40 feet to the center
line of Cordilleras Creek; thence
along last mentioned center line,
South 47° 09' West 87.12 feet to
the point of beginning. Containing
4.00 acres, more or less.

Reserving, however, for the
benefit of adjacent lands, easements
for roads and utilities
over those certain roadways described
in the partition deed between
M. J. Purcell and wife
and B. Grant Taylor and wife,
dated February 23rd, 1937, and
recorded February 26, 1937, in
book 725 of Official Records at
page 401 in the office of the
County Recorder of San Mateo
County;

Terms and Conditions of Sale:
Said sale, or sales, will be made
either for cash or on credit, as the
Executrix will judge to be for the
best interest of said Estate; taxes
to be prorated as of date of sale.

All bids or offers must be made
in writing, and may be left at the
office of Fabius T. Finch, Attorney
for Executrix, Room 901 Hearst
Building, San Francisco, California,
or may be filed in the office of the
Clerk of the above entitled Court
at Redwood City, California, or may
be delivered to the Executrix personally
at any time after the first
publication of this notice and before
the making of said sale.

Dated: September 19, 1940.

AILEEN G. PURCELL,
Executrix of the Last Will and

**Suicide Victim's
Body Is Recovered**

BURLINGAME—The body of
Finis L. (Fred) Bigelow, about
45, cashier at Levy Bros. store
in San Mateo, who Monday night
drowned himself in the bay, was
washed ashore Wednesday a
short distance from where Mr.
Bigelow walked in. Louis Led-
ford, assistant fire chief at Palo
Alto, who was fishing at the
foot of Oak Grove Ave., Burlingame,
found the body floating in
the shallow water near the
beach.

Ill health was given by friends
of Mr. Bigelow as the probable
cause of his suicide.

**20-30 May Sponsor
Boy Scout Troop**

Sponsorship of a Boy Scout
troop in the Five Points district
was discussed by the Redwood
City 20-30 Club at its meeting
Tuesday at the Wooden Shoe
cafe on El Camino Real. President
Willie Silva was in charge
of the meeting. Two new members,
Wayne Springer and Ashley
Smith, attended.

Fred R. Silvey and John W.
O'Keefe were named members
of the program committee.

The club will be eligible for its
charter after three more meetings.

Testament of Michael J. Purcell,
alias, deceased.

'Let There Be Light' Slogan Upheld

Modern

California Home Made

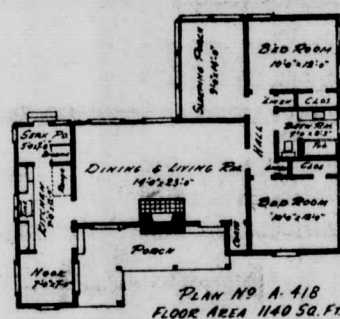

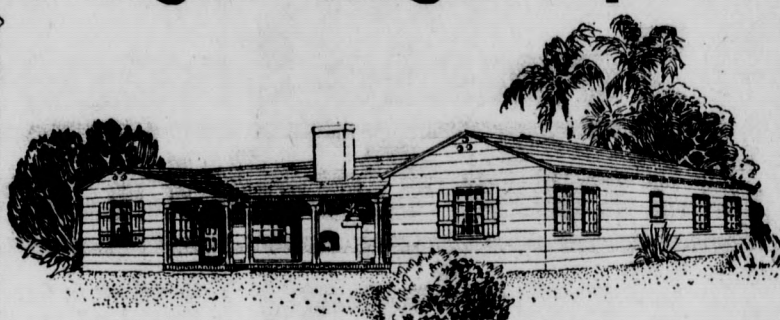

In presenting the "Sunflower," new California created design, Northern California Homes Foundation sounds the slogan, "Let there be light in Western living." The Sunflower was developed by retail lumber dealers to meet the special wants and needs of people who live here. It brings up to date the trend toward outdoor living among California families and makes this special design for living available in the small home as well as in the estate home. The floor area of the Sunflower is 1140 square feet.

"A dwelling of this kind is designed with the idea that the grounds as well as the house make the modern California home," says Bernard B. Barber, chairman of Northern California Homes Foundation. "That is, the Sunflower is a real garden home, providing the utmost in outdoor living for the family. There are sleeping porch and service porch at the rear and a spacious living-room porch at the front. Note the windows of dining nook, bedrooms and living-room, which provide generously for interior natural light when the family is indoors at daylight. The fireplace assures a friendly light and warmth for home evenings when there is chill in the air."

"Such service in design by retail lumber dealers for families who desire small homes that embody the features of costly estate homes is now national. Every region has regional requirements and styles in homes."

Information and service on the Sunflower design may be had through retail lumber dealers or from Northern California Homes Foundation, 1833 Broadway, Fresno.

Trellises and lattices used in gardens and on porches need frequent re-painting — about once every two years — to protect them from the weather. This is especially true if they are covered with vines which concentrate large amounts of moisture next to the wood.

Coast Electric Co.

Electrical Supply Complete

Almost everything in the way of electrical goods may be found in the big Coast Electric Co. store at 1783-85 Broadway. In this building, erected early this year by the expanding firm, may be seen all kinds of electrical appliances, washing machines, stoves, heaters, refrigerators and water heaters, with a large variety to choose from.

Electrical repair work and electrical contracting work of high standard have won for the firm a reputation for thoroughness.

John and Louis Rolla, brothers, started their electrical business in Redwood City on a small scale in February, 1931. From that meager beginning, with a small shop and little equipment, but with skill and industry, they found their business expanding steadily, and were forced by lack of space to move to larger quarters several times.

The last time was in April of this year, when they moved into the Broadway business building which they had designed and built. It is regarded as one of the city's finest, most up-to-date business structures.

The entire front of the new building consists of large show windows, allowing "window

shoppers" to look over the assortment of merchandise on display. Inside are show counters for the display of smaller articles.

Among the lines of nationally known merchandise handled by the firm are Crosley and Kelvinator refrigerators, Pittsburgh water heaters, General Electric Mazda globes of every size and sort, Thor washers, and Spark ranges.

In addition to the complete lines of new electrical goods, the Coast Electric Co. has a section devoted to used refrigeration equipment for home and commercial use.

Apartment Trend Toward Fewer Rooms

Architects report a trend in apartment design to fewer and more spacious rooms. Dining space, for instance, often is provided by an ell of a large living room. The feeling of spaciousness is increased by straight lines and plain archways, doors and window frames. Long horizontal lines are accented on the walls, frequently through the use of insulating board panels in neutral or pastel shades.

STOPS AIR LEAKAGE

Under ordinary conditions insulating boards are practically impervious to air leakage. Even at high wind velocities the amount of infiltration directly through the product, when used in combination with other materials, is usually insignificant.

Construction

1663 Houses Built in 1940

An increase of 86.6 per cent in the number of new homes built in San Mateo County under FHA inspection and financing during the first eight months of this year, as compared to the same period last year, is reported by D. C. McGinness, Northern California district director of the Federal Housing Administration.

The increased investment in new FHA-inspected homes built during the eight months' period, as shown by mortgages selected for appraisal, was said to amount to \$3,272,300, according to the director.

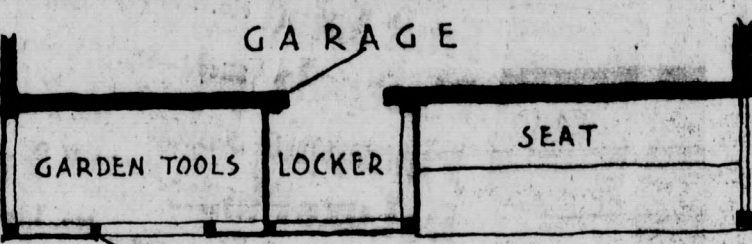

"It is evident that home building activity in this area is hitting an all-time high," McGinness declared, "and applications for mortgage insurance now pouring in indicate that construction will maintain, if not exceed, its present pace through the Fall months."

Indicative of what he termed "a swing by all better builders to FHA requirements and inspection," McGinness pointed to the fact that a considerably greater percentage of new homes now are being built under FHA inspection than ever before.

"During the first eight months of the year, this office selected for appraisal mortgages amounting to \$7,458,800 on 1663 homes to be built in San Mateo County under government inspection," he said. "This compares to 891 new home mortgages, amounting to \$4,188,500 selected during the same months last year."

Including new homes not built under FHA inspection but financed through the Federal Housing plan after completion,

A Storage Space Easily Made

A GARAGE which is 10 feet wide will accommodate a car, but it will not accommodate the car and garden implements, lawn mower, camping outfit and fishing tackle.

If a garage is going to be a storage house as well as a garage, it should at least be 12 feet wide on the inside. But this is of little help if your garage is already too narrow.

The above illustration is one solution to the storage problem and requires only a simple continuation of the garage roof. Since the new shed does not need to occupy the full length of the garage, the roof has been continued in lattice form to provide a grape arbor and thus kill two birds with one stone. It is simple to proceed one step further and with the aid of a couple of planks provide the new arbor with a seat.

Although vertical matched boards are illustrated in the drawing, regular siding to match either the house or the garage may be substituted. Valuable equipment items can be kept in the locker space without danger of theft when the garage doors are left open.

and existing dwellings refinanced with insured mortgages, the eight-month totals for 1940 were 1835 mortgages selected for \$8,876,200, as against 1289 mortgages, amounting to \$6,059,100, last year.

Ideas for Homes

Fall Modernization Drive Aided

Northern California Homes Foundation this week joins with the building industry in active support of the Fall home modernization drive of the Federal Housing Administration. As its initial supporting effort the foundation has prepared a simple and inexpensive example of a home convenience that may be included in modernization and repairs subject to financing under an FHA Title I property improvement loan. This is a design for a side addition to a detached garage, to provide storage space for garden tools, a locker room for the garage, and a sheltered garden seat. (See cut above.)

Local retail lumber dealers have been supplied by FHA with informational literature that will make plain to the home-owner desiring to "fix up" his home every step to be taken in financing under Title I. Many dealers are equipped to render this financing service themselves. FHA Title I borrowing is simple and safe. Its popularity is attested by the fact that 3,000,000 of modernization and repair loans have been made to date. This means approximately \$1,000,000,000 worth of property improvement financed under the FHA plan.

Every Woman Can Now Be Her Own Decorator

Designs

They Save Many Hours

By MARIAN YOUNG

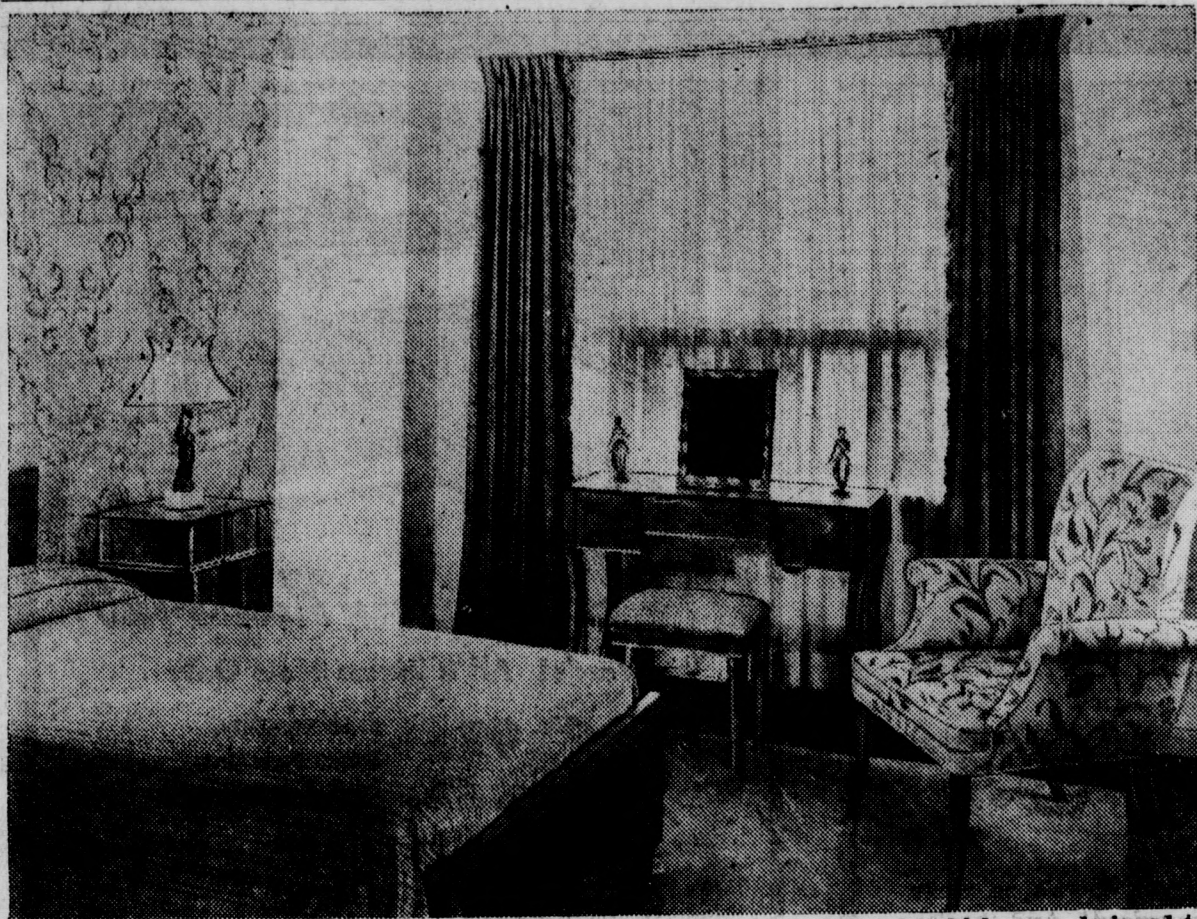

NEA Service Staff Correspondent
Designers of wallpaper, curtains and upholstery fabrics are busily figuring out better ways to make home decorations a simple and extremely pleasant matter for the amateur interior decorator.

These designers of home furnishings, like fashion designers, are headlining the ensemble idea. Fabrics, carpets and even wallpaper are being made to harmonize perfectly with one another.

From the homemaker's point of view, finding professionally-assembled groups of match-mates in her favorite store is like having a skilled decorator at her elbow in the autumn shopping tour. And hours of hunting for a drapery fabric to harmonize with wallpaper, or a carpet that logically blends with the other items in her room, are eliminated.

The newly-created ensembles are match-mates regarding type of pattern as well as in the combinations of color harmony and contrast. Whatever kind of furniture you happen to have, you can find the suitable ensemble to make a background for it.

As a background for modern furniture, for instance, one ensemble includes wallpaper with

This smart bedroom, decorated with wallpaper, rug, curtains and bedspreads which were designed to be used together, is in tones of coral, cream and sage-browns. The furniture is fawn-colored walnut with panels of lacewood.

not-too-narrow stripes in subtle tones of silvery gray and sage green. Upholstery or slip cover materials in this match-mate group consist of a rough-surfaced wool and rayon fabric and a pinwale corduroy—both silver gray to match the stripe in the wallpaper. The rug is sage green.

And for curtains, sofa slip cover or seats of side chair, there's an interesting modern print with soft green background, plaided in darker green, gray, a bit of rust and a flash of orchid.

As a backdrop for modern bedroom furniture, in fawn-colored walnut with panels of lacewood, there's a new ensemble in tones of coral, cream and rose-browns. A marked expression of the ensemble trend is found in the

sister prints, now available in a great many home furnishings departments. These come in sets of three, for upholstery and drapery fabrics. Each item of a trio is based on the same motif of color and pattern. If you choose Regency stripes for your Regency sofa, the other two sisters in the ensemble, whether they are stripes, florals or plain, will be as right with your Regency furniture as the sofa fabric.

The ensemble theme has gone so far, in fact, that it's not uncommon to hear a customer being advised to have mattresses covered with Regency stripes on her Regency beds.

A report to the public on the
PACIFIC COAST PETROLEUM INDUSTRY

Three-quarters of a million people in all parts of the Pacific Coast depend on this industry for their living.

Local Firm Submits Low Bid to NACA

A Redwood City contracting firm has submitted low bid for construction of \$124,739 worth of streets, runways and sidewalks at Moffett Field's NACA air laboratory, and work is to begin as soon as final approval arrives from Washington, D. C.

Marshall S. Hanrahan of Redwood City was the low bidder. Two submitted bids for the project. Final awarding of the contract is anticipated from Washington this week and with notice of award, the work will commence.

It must be completed within 75 days, before the onset of the rainy season.

CHINESE SEEKS PAROLE

Ching Chew, convicted of murdering another Chinaman in San Mateo a decade ago, has filed application for parole; the district attorney's office was advised here. The application will come before the December meeting of the State Board of Prison Terms and Paroles. The board fixed Chew's sentence at 35 years in 1933.

The moon is approximately 240,000 miles from earth.
